Hi Doctor Lee,

This is Aaron Zhao, a PhD graduate student at the University of California Merced. I am deeply inspired and interested with your research article, "The Trajectory of Public Attitudes Toward Immigrants in the United States: Latent Growth Analysis Approach". I am wondering if I can request some more information on the data and codes used for this article. If it is not too much trouble, may I please request the codes and data you have used for this paper, Doctor Lee?

Thank you very much.

Sincerely,

Aaron Zhao
